**King County Food and Fitness Initiative
Compendium of Assessment and Audit Tools**

Direct Observation			
Nutrition:			
	*Looking for tools related to purchasing behavior & food selection		
Physical Activity:			
SOFIT	Tool for assessing the quality of physical education including measures of student activity levels, lesson context, and teacher behavior during class time.	http://www.drjamesallis.sdsu.edu/sofitprotocol.pdf	Observational, printed
	Lesson observation form related to adolescent cardiovascular health: tracks lesson start and end times, type of instructor (PE specialist or general classroom and location of class.	http://www.sph.uth.tmc.edu/CATCH/KidsClub/SOFITOBS.pdf	
SOPLAY	Provides examples of mapping strategies: procedures for describing target areas, sample operational definitions of environmental variables, coding conventions.	http://www.activelivingresearch.org/files/SOPARC-	Observational, printed
	System for observing play and leisure in youth in "open" environments such as play and leisure settings. The instrument permits physical activity level comparisons to be made among different environments or within the same environment over different time periods.	http://www.activelivingresearch.org/files/SOPLAY_Protocols.pdf	
	Coding page for observing play and activity in youth.	http://www.activelivingresearch.org/files/SOPLAY_ObservationForm.pdf	
SOPARC	A validated direct observation tool for assessing physical activity and associated people and environmental characteristics in park and recreation settings.	http://www.activelivingresearch.org/files/SOPARC	Observational, printed
		http://www.activelivingresearch.org/files/SOPARC_DataPathCodingForms.pdf	
Physical Activity and Nutrition:			
BEACHES	Behaviors of Eating and Activity for Children's Health: a direct observation system designed to simultaneously code the physical activity and eating behaviors of children and related environmental factors: can be used at home, at school-B171, and in any other setting that a targeted child might go.	http://www-rohan.sdsu.edu/faculty/sallis/BEACHES	Observational, printed
		McKenzie et al. (1991) Beaches: An Observational	http://www.pubmedcentral.nih.gov
Environment and Policy Assessment and Observation (EPAO)			
		http://www.atypon-link.com.ezp.slu.edu/PNG/doi/pdf/10.5555/ajhb.2008.32.4.380?co	
Environmental Audits			
Nutrition:			
School			
Neighborhood Food and Physical Activity Assessment	Survey tool for assessing the neighborhood food and physical activity environments grantee neighborhoods	http://www.chulavistacc.org/phpwebsite-0.9.3-2-network	Audit, printed
IDEA/ECHO A La Carte: High School	School food tool kit including fact sheet, background information, survey, talking points, sample flyer, letters, testimony, reference list.	http://www.cspinet.org/schoolfoodkit/school_food	OTHER
CSPI- Survey of School Vending Machines	Multi-state survey of choices available in middle and high school vending machines and rationale for improving school foods. Includes survey instrument used.	http://www.cspinet.org/new/pdf/dispensing_junk.pdf	other
Community			
NEAT (Nutrition Environment Assessment Tool)	Assessment tool for communities to assess their environment to find out how its supports healthy eating. Sections for community policies and environment, worksite, and schools.	http://mihealthtools.org/neat/NEAT_Print_Version.pdf	Audit?

Name of Tool	Description	Link or Journal	Action
King County Food and Fitness Initiative Compendium of Assessment and Audit Tools			
Guy 2004: Product List	National Cancer Institute: tools for researchers, surveys and studies including measures of the food environment and physical activity.	https://riskfactor.cancer.gov/mfe/instruments/guy-2004-product-list-instrument/	
		http://www3.interscience.wiley.com.ezp.slu.edu/cgi-bin/fulltext/118813783/PDFSTAR	
*Looking for food bank/other outlet inventory			
Grocery Store			
NEMS-S Store Measure	Nutrition Environment Measures Survey in Stores including store measures survey, survey instructions, explanation of items on survey, and explanation of scoring system.	http://www.sph.emory.edu/NEMS/NEMS_S_Details	Observation, printed
		Glanz et al. (2007) Nutrition Environment Measures	
California Grocery Store Observational Protocol	Observational tool for grocery stores that includes product observations, categories, availability, type, food guide pyramid signs, store characteristics: cleanliness, square footage, display and shelf height, observed customer information, characteristics.	http://socialmarketing-nutrition.ucdavis.edu/Tools/D	Audit, printed
Food Store Assessment Survey		http://74.125.95.132/search?q=cache:RvkeKbrRW	Audit, printed
Chicago Food Store Audit Instrument	Inventory tool for food items and store characteristics.	https://riskfactor.cancer.gov/mfe/instruments/zenk-2006-sw-chicago-food-store-audit-	
	Article: Inadequate access to healthy foods, particularly when combined with a large number of adverse nutritional exposures . . . , may negatively affect dietary quality and maintenance of healthy weights in economically disadvantaged neighborhoods.	Zenk, et al (2006) Fruit and Vegetable Access Diff	http://www.ishib.org/ED/journal/1/
Cheadle: Grocery Store Survey	Grocery store survey - observed store, customer, display characteristics, product categories.	https://riskfactor.cancer.gov/mfe/instruments/cheadle	Audit, printed
		Cheadle, et al. (1995) Evaluating Community-Based	http://www.sciencedirect.com.ez
Data Collection Worksheet for Fruits and Vegetables	Data Collection Worksheet for Fruits and Vegetables	https://riskfactor.cancer.gov/mfe/instruments/winkler-2006-data-collection-wsfv.pdf/	
		Winkler, et al. (2006) Does living in a disadvantaged	http://www.ncbi.nlm.nih.gov.ez
Food Store Assessment Survey Tool Manual	Tool that inventories selected grocery items, store disability access.	https://riskfactor.cancer.gov/mfe/instruments/hosler-food-store-survey-tool/	
		Hosler, et al (2008) Assessing Retail Fruit and Veg	http://www.pubmedcentral.nih.gov
Food Stores	Food store survey focused on fresh fruits and vegetables and the availability of low fat food.	http://socialmarketing-nutrition.ucdavis.edu/Tools/D	Observation, printed
Healthy Eating Indicator Shopping Basket (HEISB)	Shopping Basket Inventory Form for one week.	https://riskfactor.cancer.gov/mfe/instruments/anderson-healthy-eating-indicator-shop-	
		https://riskfactor.cancer.gov/mfe/publications/search_refs?study=Anderson+Hea	
Restaurant			
NEMS-S Restaurant Measure	Nutrition Environment Measures Survey in Restaurants including measurement forms, protocol, and rationale.	http://www.sph.emory.edu/NEMS/NEMS_R_Details	Observation, printed
		Saelens et al.(2007) Nutrition Environment Measures Study	
5-A-Day –The California Way Restaurant checklist	Restaurant Checklist focused on menu - does the restaurant help customers meet the goal of eating at least five servings of fruits and vegetables per day.	http://socialmarketing-nutrition.ucdavis.edu/Tools/D	Audit, printed
Restaurant Menu Checklist	Menu checklist: number of entrees, number of children's entrees, healthy low-fat entrees, nutritional information, dishes fried in low-fat vegetable oil, etc.	http://socialmarketing-nutrition.ucdavis.edu/Tools/D	Audit, printed
		Cassady, et al (2004) Measuring Cues for Healthy Choices	
Fast Food Restaurant Survey	Fast-food restaurant menu checklist: fat/calorie content posted, beverage checklist, salad bar, super-size meals/drinks.	http://socialmarketing-nutrition.ucdavis.edu/Tools/D	Observation, printed
Grocery Store/Restaurant			
Baltimore Health Eating Zones–Food Source Checklist		Saved on network	
Toxic Food Environment (TFE) Survey	Food Environment Checklist: service category, type of cuisine, restaurant location, menu offerings, grocery store and restaurant enumeration sheets for service category.	https://riskfactor.cancer.gov/mfe/instruments/edmonds-tfe-study	
		Edmonds, et al (2001) Ecological and Socioecon	http://www.sciencedirect.com.ezp

Name of Tool	Description	Link or Journal	Action
--------------	-------------	-----------------	--------

**King County Food and Fitness Initiative
Compendium of Assessment and Audit Tools**

Physical Activity and Nutrition:			
Be Active Eat Well Audit Tool	Be Active Live Well Schools Audit of written nutrition and physical activity policies, eating behaviors and school culture. Includes curriculum assessment, family awareness and community links, and increasing access to healthy foods, physical activity.	http://www.goforyourlife.vic.gov.au/hav/admin.nsf/	Audit, printed
Other (park, worksite, recreation facility):			
<u>Worksite</u>			
Checklist of Health Promotion Environment at Worksite (CHEW)	Comprehensive Worksite Wellness Inventory of work facilities, grounds, neighborhood, nutrition and exercise environments, incentives, health promotion practices.	http://www.drjamesallis.sdsu.edu/chew82595.pdf	Audit, printed
Worksite Environmental Measure	Maintenance facility assessment - work environment and outdoor areas.	http://www.iibnpa.org/content/supplementary/1479	Observational tool, printed
<u>Park/Recreational Area</u>			
Path Environment Audit Tool (PEAT)	Tool to measure the physical characteristics of community paths and trails that are used for physical activities such as walking, jogging, and cycling.	http://www.activelivingresearch.org/files/PEAT_MA	Audit, printed
Recreation Facility Evaluation Tool	This instrument can be used to identify and evaluate parks, playgrounds, sports fields, aquatic facilities/pools, and recreation centers with respect to safety, condition, and maintenance of the facility.	http://prevention.sph.sc.edu/tools/docs/documents	Audit, printed
Physical Activity Resource Assessment (PARA)	Rating tool for recreation facilities, features, amenities, and overall environment.	http://grants.hhp.coe.uh.edu/undo/assesstools/PARA	Audit, printed
		Lee et al (2005) The Physical Activity Resource Assessment	
Environmental Assessment of Public Recreation Spaces (EAPRS) Tool	Direct Observation Tool for trails and parks, their characteristics and amenities, attributes of their location and connections to surrounding community.	http://www.activelivingresearch.org/files/EAPRS	Observational?
BRAT-DO (Park Assessment)	Inventory tools for park assessments. Facilities, features, staffing as well as assessment tools for specific facilities - playgrounds, pools. Post-hurricane assessment.	http://publichealth.lsuhscc.edu/Faculty_Pages/run/	Observation
<u>Community/Neighborhood</u>			
Bikeability Checklist	Bikeability assessment - pathways and street characteristics, safety, and quality. Ease of use, what would make the ride safer.	http://www.bicyclinginfo.org/pdf/bikabilitychecklist.pdf	Audit, printed
Walkability Checklist	Walkability assessment - quality, safety, and attributes of walking routes.	http://drusilla.hsrrc.unc.edu/cms/downloads/walkability	Audit, printed
Audit Tool: Analytic Version	Audit tool (intersectoral): land use, types of destinations, transportation; plus walkability, bikeability, street characteristics and amenities: social environment and physical disorder.	http://www.activelivingresearch.org/files/audit_tool	Audit, printed
SPACES Audit Tool	Site assessment: building type, site access, facilities, ratings of plantings, sight lines, etc.	http://www.activelivingresearch.org/files/SPACES	Audit, printed
		http://www.activelivingresearch.org/files/SPACES_Observation_Manual.pdf	
Neighborhood Walking and Biking Assessment	Simple assessment tool - descriptive and subjective.	http://panaonline.org/programs/khz/actionkits/	Audit, printed
Kansas City Neighborhood Walking Survey	Tool for neighborhood groups - simple walking survey with guidelines for use and labelling of neighborhood maps as part of audit.	http://www.kcmo.org/planning/pdf/walkability.pdf	Audit, printed
PEDS Audit Protocol	Assessment tool of pedestrian facilities, road attributes, and the walking/cycling environment.	http://planningandactivity.unc.edu/PEDS%20Ins	Audit, printed
QUALITY OF PUBLIC OPEN SPACE TOOL (POST)	Assessment tool for public spaces - design, facilities, access, social environment.	http://www.sph.uwa.edu.au/download.cfm?DownloadFile=16A603D3-96BA-5DAE-BDC656327223CE48	Manual, printed
		http://www.sph.uwa.edu.au/download.cfm?DownloadFile=16A74FE4-96BA-5DAE-BE4786694783705F	Audit, printed
Sidewalk Assessment Tool	Assessment of sidewalk quality.		Audit, printed
Senior Walking Environmental Audit Tool (SWEAT)	Assessment of walkways, safety, benches, resting spots, predominant and secondary land use.	http://www.ohsu.edu/public-health/employees/faculty	Audit, printed
		Cummingham, et al (2005) Developing a Reliable Senior Walking
